

Full Cassette Awning

The Full Cassette awning is a modernised and improved model, offering optimised performance and even greater functionality. To ensure a modern look, the awning is fitted with elegant aluminium side covers and a compact wall bracket, which significantly enhances the aesthetics of the entire structure. In addition, a specially reinforced bracket allows the maximum dimensions of the awning to be safely increased, enabling effective shading of even very large patio areas.

Maximum dimensions:

Width (s)	240 - 540* cm
