# The road to showtime

Every event we make travels the same road: built by day in our workshop, alive by night in front of the crowd.

01

## The workshop

Booths, kiosks, stands and structures, fabricated in our workshop before they ever see a site.

02

## On site

Signs lifted, banners hung, kiosks wrapped and fitted: installed by our own crew.

03

## Gates & decoration

Arches, sculptures, flower walls and themed sets that turn a street into a destination.

06

## The crowd arrives

Ramadan, Eid, spring and National Day at Riyadh's destinations.

05

## Showtime

Performers, music and heritage on stage, booked, staged and run by us.

04

## Lights up

Light that sets the mood and sound that carries it, as the day turns to night.
