

HOW WE SAVED PAPIRNA MOUDRÝ 1.45 MILLION CZK ANNUALLY

Complete outsourcing of paper processing, which increased production efficiency by 35% and saved over 1,000 working hours.

Introduction

Papirna Moudrý (a traditional packaging manufacturer with 100 employees) needed to streamline production and reduce logistics costs. Therefore, STEPA provided them with complete turnkey processing of paper rolls, from cutting and rewinding to 8-color flexographic printing.

Thanks to full outsourcing, the client saved 1.45 million CZK annually, regained over 1,000 hours of production time, and increased overall efficiency by 35%.

"Papirna Moudrý is our strategic partner. The goal is to provide a complete service from material receipt to dispatch. This saves time, capacity, and money, while the client fully focuses on their production."

CHALLENGES BEFORE OUR COOPERATION ✓

- **Capacity Overload:** Cutting large-volume rolls took over 1,000 hours annually, which slowed down main production.
- **High Logistics Costs:** Internal transport and material storage unnecessarily increased operating costs without adding value.
- **Low Flexibility:** The inability to print in small batches made it difficult to respond quickly to market demand.

COMPREHENSIVE SOLUTION FROM STEPA ✓

1

Processing 250 tons of paper annually

- Acceptance, storage, and cutting into narrow rolls ready for immediate production.
- **Savings:** ~900,000 CZK and the elimination of 1,200 hours of in-house production and service.

2

Complete Logistics Support

- Delivery, removal of material, and warehouse management. The customer handles everything through a single contact.
- **Savings:** ~300,000 CZK on internal transport and storage.

3

8-Color Flexographic Printing and Graphics

- In-house graphics processing and printing, even for small orders, to enable rapid market response.
- **Savings:** ~250,000 CZK thanks to the reduction of surplus and inventory.
